BEER MENU

Mountain Sun Ales

8 oz. glass	16 oz. pint	48 oz. pitcher
\$2.25	\$3.50	\$9.50

We always have a variety of Mountain Sun Ales on tap, some of which may include our more popularly known beers listed below. Please check the chalkboard or ask your server for the full list of what's available.

Quinn's Golden Ale *Our lightest Ale, a shade of the hair of the dog for which it is named. This lightly hopped beer will have you ordering another.*

Raspberry Wheat or Specialty Fruit *(Please ask your server). Crisp, dry and kind of pink. Sixty pounds of flash frozen Oregon raspberries lend a tartness that pleases the palate and quenches thirst in a fine fashion.*

Annapurna Amber *This beer derives its name from one of the world's tallest peaks which, loosely translated, means "goddess rich in sustenance." Chock full of malted barley with mild hop overtones, this ale is itself rich in sustenance.*

Colorado Kind Ale *What's in a name? The brewer's mantra, "More hops," is taken as far as possible in this beer. A deep amber body balances the bitterness and makes that long day at work seem a distant memory.*

Illusion Dweller IPA *This India Pale Ale is as classic as the climb for which it is named. Dry-hopped with whole flower UK Kent Golding Hops.*

Isadore Java Porter *A rich, creamy ale brewed with a generous amount of coffee, the Porter was developed by Mountain Sun brewers weary of drinking Stout for breakfast. The result is an ale where coffee aromas mingle perfectly with a roasted barley, hop finish. A unique treat including as thick a head as you will ever get on a latte'.*

Specialty Stout *Our Stout rotates! Please ask your server which Stout is pouring at the moment.*

Nitrogen Tap *We always offer two of our house brewed ales on a nitrogen tap. Made famous by Guinness Stout, this type of a pour lends an uncommon smoothness and a thick, creamy head to any beer.*

MOUNTAIN SUN

Pub & Brewery

Welcome to the Mountain Sun Pub and Brewery. We believe our approach to the service industry is unique and worth noticing. Your server today may be cooking your food tomorrow, or even managing. Each employee does every job here. Our "team system" also means that we take initiative to bus each other's tables, run food, do dishes, help you to a beer at the bar, or put you on the wait list. So feel free to ask any of us how the food is prepared, your estimated wait time, or where to find Yahtzee.
